---

### OBJECTIVE

To apply my combined expertise in public health, environmental science, and academic communication to support field-based or research-focused public health in any setting and in any environmental, justice, or health organization in any part of the world. I seek meaningful engagement, not high compensation, and I am open to both internships and part-time roles as I work to complete my master's degree.

---

### EDUCATION

**Masters of Public Health (MPH)**, GPA 4.0 — Southern New Hampshire University (Online)  
*Expected May 2026*

**B.S. Environmental Science**, GPA 3.97 — Southern New Hampshire University
